WORK EXPERIENCE

Media Research Assistant (May 2025 – Present)

York University, Faculty of Cinema & Media Arts

- Developing an immersive media exhibition focused on local community storytelling.
- Creating AR/VR projects and a dome-projection film in collaboration with professors and York alumni.
- Led community workshops introducing AR tools and collaborative art-making practices.

Green Screen Workshop Assistant (Oct 2025)

Cinespace Studios - Toronto, ON

- Assisted in a virtual production workshop focused on green screen filmmaking and real-time production workflows.
- Created the story concept, wrote the narrative, and developed the storyboard for the project.
- Acted in the green screen scenes and collaborated with on-site editors and sound designers.
- Supported the creative and technical team during setup, filming, and post-production review.
- Gained hands-on experience with green screen workflow, on-set collaboration, and virtual production storytelling.

Artist Assistant (Oct 2025)

Nuit Blanche - Toronto, ON

- Supported artists and curators at Nuit Blanche for 401 Richmond with event setup and coordination.
- Engaged with visitors, offering project insights and guiding them through the artworks and exhibitions on view.

Studio and Interactive Media Intern (May – Aug 2025)

InterAccess - Toronto, ON

- Supported studio production and technical workflows in the new media arts space.
- Created instructional tutorials for borrowable equipment, including setup, safety, and creative use.
- Assisted newcomers with hands-on equipment operation, offering guidance and basic troubleshooting.
